—*Publishers Weekly* (starred review)

Pitch Remington has just been accepted into Lady Octavia's, an elite private school for band-kid assassins. At this academy, every graduating senior is expected to master a Beta: powerful weapon-instrument hybrids designed for student-friendly combat.

Armed with her mother's Beta-piccolo and musical talent beyond any member of her freshmen class, high school should be a breeze, but Pitch does have one problem: she has no idea what her piccolo does.

Pitch's quest to find her instrument's purpose leads to an onslaught of other mysteries and secrets that span generations. DRUM CORPSE is a mix of mystery and comedy that kids both in and out of band will enjoy.
